Are you a discerning woman who's looking for the right guy? If so, you're in the right place. In this comprehensive guide, we'll share 12 smart choices that will help you find the partner who's perfect for you.

### 1. Know what you want

The first step to finding the right guy is to know what you want. What are your must-haves? What are your deal-breakers? Once you know what you're looking for, you can start to narrow down your search.

### 2. Be realistic

It's important to be realistic about your expectations. Not every guy is going to be perfect. There will be some things that you have to compromise on.

However, it's important to make sure that you're not compromising on your core values.

### **3. Don't be afraid to go outside of your comfort zone**

If you're only dating guys who are just like you, you're going to miss out on a lot of great potential matches. Don't be afraid to go outside of your comfort zone and meet new people. You never know who you might meet.

### **4. Be yourself**

One of the most important things you can do is be yourself. Don't try to be someone you're not. The right guy will love you for who you are, not for who you pretend to be.

### **5. Be confident**

Confidence is attractive. When you're confident, you're more likely to attract the attention of the right guy. So stand up tall, make eye contact, and smile. You've got this!

### **6. Be open to new experiences**

If you're not open to new experiences, you're going to limit your chances of meeting the right guy. Try new things, go to new places, and meet new people. You never know where you might find love.

### **7. Don't give up**

Finding the right guy can take time. Don't get discouraged if you don't meet the perfect guy right away. Keep putting yourself out there and eventually you'll find him.

## **8. Trust your instincts**

Your instincts are there for a reason. If something doesn't feel right, don't ignore it. Listen to your gut and make decisions that are right for you.

## **9. Be patient**

Finding the right guy can take time. Don't rush into anything. Take your time and get to know the guy before you decide if he's the one for you.

## **10. Don't be afraid to ask for help**

If you're struggling to find the right guy, don't be afraid to ask for help. Talk to your friends, family, or a therapist. They can offer support and advice.

## **11. Remember that you're worthy of love**

You are worthy of love, no matter what. Don't settle for anything less than you deserve. Keep your standards high and don't give up on your dreams.

## **12. Be happy with yourself**

The most important thing is to be happy with yourself. If you're not happy with yourself, you won't be able to attract a happy, healthy relationship. So take care of yourself, love yourself, and be the best version of yourself that you can be.

Finding the right guy can be a daunting task, but it's definitely possible. By following these 12 smart choices, you'll increase your chances of finding the partner who's perfect for you.

So what are you waiting for? Get out there and start dating!
