

Want To Show You My Travel Photos In 1990s China.

In the early 1990s, I had the opportunity to travel to China for the first time. It was a time of great change in the country, as it began to open up to the world. I was eager to experience this vibrant and ancient culture for myself, and I spent several weeks traveling around the country, from Beijing to Shanghai to the Great Wall.

I took hundreds of photos during my trip, and I'm excited to share some of them with you today. These photos offer a glimpse into a China that is now long gone, a time of great change and beauty.
